

John Kruschke

Indiana University

Professor Kruschke is a passionate advocate of the Bayesian statistical approach to data analysis and will give an engaging and accessible presentation of its basic elements and potential advantages over traditional statistical methods.

Doing Bayesian

DATA

Analysis

Friday
March 23, 2012
4:00pm
Rockefeller Hall 300

*Reception with light refreshments at 3:45pm
outside of Rockefeller Hall 300.*

Saturday
March 24, 2012
